REGISTERED FIREARMS AND LICENCES

1a-1) Number of firearms registered in each Australian state or territory

Note: Firearm count stats include the data based on active registrations for that specific FY and no based on system entry date. Registration means where status is either ' SSUED REGISTRATION' or 'DEALER STOCK'.

Note: All figures in this report are extracted exclusively from an ACIC-hosted system and were not subject to further formal analysis or validation. As a result, the figures may not reflect those directly held by relevant law enforcement partners in systems external to the ACIC.

Note: The figures in this report are derived from the commencement date of new registrations or licences. The data extraction methods utilised by the ACIC may differ from those employed by relevant law enforcement partners.

Note: Where AFP appears, this refers to the Australian Capital Territory (ACT).
